 - c. Freeman will make sure that you can all see the zoom chat. This is your private chat in which you will be able to communicate to one another and receive cues and instructions from Freeman
 - d. Freeman will also give you instructions on how they will count down and cue you for session start

RESOURCES AND FAQs

How do I access the event on the day of?

<https://onlineevent.zoom.us/j/95206285806?pwd=WTF4NDY0anVpTG82Z20va1BsdmtLQT09>

Password (if required): 575892

What is the recommended internet bandwidth for me to participate successfully?

An upload speed of 3MB or better is recommended. Consider asking others in your location to refrain from using the internet during the time of the session. If your internet bandwidth seems unstable, try turning off your camera and using audio only. Test your Internet speed using this website: <https://fast.com/>

How do I set up my space in preparation for the session?

Here are some presentation tips to help make presenting a breeze:

- [How to give a dynamic scientific presentation](#)¹
- Best Practices: [Tips for Presenting at Home](#)
- Best Practices: [Virtual Presenter](#)

¹ From Larkin, M. *How to give a dynamic scientific presentation: Convey your ideas and enthusiasm – and avoid the pitfalls that put audiences to sleep.* August 4, 2015. Accessed April 5, 2021.

How do I engage the audience during my presentation?

This year we will be using Sync Audience Engagement Technology at HRS2021. This easy-to-use mobile device-based system which enables you to interact with your session audience using polling, eQ&A, and several other great engagement tools. Here are your [Sync Resources](#), including a recording of our first webinar in which we covered the following information:

- Using Sync to enhance your presentation
- Best Practices when using Audience Engagement Technology
- Using Sync tools and features
- Creating and inserting polling slides into your presentation
- Moderating eQ&A

If any questions arise, please contact me at your convenience between 7:00 AM and 10:00 PM Eastern Time.
